

Here you will get some information's about my work with dogs in the IPO - Sport.

For more than 30 years I am concerned with the training of dogs. At the age of 15 years I got a "German Boxer", with whom I was sent soon to an DVG club.

Until today I work with dogs of various races, and almost all I have presented today at 130 trials. Among them are 27 federal and 3 world championships. I celebrated the greatest success in 1999 with my Malinois „Clip vom Roten Falken“. As the first German I had the luck to win the FMBB World Championship title.

I am also still working as a protection helper. Here were not only breed surveys of the DMC on the program, I also figured on top-class championships at home and abroad.
